RULE CHANGE FOR LEVEL 3 COMPETITION

In the interest of Canoe Slalom global development, the ICF Executive committee agreed provisionally (until 2018 ICF Congress) to amend the ICF Canoe Slalom rules 2.3 following ICF Canoe Slalom Committee proposal as below:

For 2018 ICF RANKING COMPETITION (level 3), entries are open without limitation of the number of boats per event and per federation. However, The Host National Federation can limit the number of boats per event per Federation with no less than 6 boats per event.

This rule change means that:

- Each participating boat will gain International Ranking points.
- National Federations must do all of the entries through the ICF online entries system (SDP).
